Agriculture and Natural Resources | Research and Extension Center System

Lindcove Research & Extension Center Citrus Fruit Display & Tasting

Date

December 15,
2018

Time

9:00 AM- Noon

Location

Education Building at
22963 Carson Avenue,
Exeter. The Education
Building is located at
the end of Carson Ave
on the right.

Join us for this wonderful event where you can see and taste more than 100 citrus varieties that are grown at Lindcove.

Citrus enthusiasts can have their citrus horticulture and pest management questions answered at the Master Gardener booth as well as from UC Extension personnel.

Directions: From Visalia take Highway 198 east to Mehrten Drive (Approximately 15 miles) and follow the signs to our event.

Everyone loves Citrus!
Join Us!

If you have questions
please contact
Jasmin Del Toro

or jjzdeltoro@ucanr.edu

Lindcove Research & Extension Center

Scientists from around the State conduct research to:

- Develop and evaluate new citrus varieties
- Improve citrus production
- Protect citrus from pests and plant diseases

Results from their research are shared with growers, homeowners, teachers, and students to bring agriculture to life!
